### **ALL USERS OF THE BREAKOUTVVP.COM WEBSITE MUST BE AGED 18 OR OVER AT THE TIME OF REGISTRATION**

#### **Depositing funds with Breakoutvvp.com:**

Breakoutvvp.com provides its members with the opportunity to take part in both social and paid video game contests via the central lobby. Should a Breakoutvvp.com member wish to participate in paid contests then that member is at liberty to upload funds via the Breakoutvvp.com cashier which can be accessed from the central lobby.

Breakoutvvp.com offers a number of deposit options for its members and those available to each member will show up based on their geographic location. There is a minimum deposit rule of \$10 USD (or international equivalents) and upon successful completion of a transaction funds will instantly appear in the member's Breakoutvvp.com "virtual balance".

The Breakoutvvp.com team will be on hand to answer any questions or queries concerning deposits and can be reached via any of the methods listed on the site.

#### **Withdrawing funds from Breakoutvvp.com:**

Any user who deems it appropriate to upload funds to their Breakoutvvp.com virtual balance for the purpose of entering paid contests, remains under no obligation to use those uploaded funds for the purpose of playing in paid contests and is therefore free to withdraw such funds at any time.

In order to return funds from your Breakoutvvp.com virtual balance to your personal bank account, eWallet, or any other financial mechanism which Breakoutvvp.com makes available to you via the use of third parties, you must select "withdraw funds" from the "your account" section on the Breakoutvvp.com platform.

Funds will be credited back to you via the same channel in which you last uploaded funds to the Breakoutvvp.com website. For example, if you used a credit card to upload funds to your Breakoutvvp.com virtual balance, then the refund will be credited to that specific card.

Please note that upon receiving a withdrawal request from you, Breakoutvvp.com will only be able to return funds based on what the user has currently available to them in their personal Breakoutvvp.com virtual balances. Ultimately, Breakoutvvp.com will not be in a position to refund you any funds which you lost playing in a challenge to another competitor on the site.

All members of Breakoutvvp.com are reminded that they have an opportunity to raise "concern" about the validity of a paid challenge result which they've played in as part of the result submission process. In this scenario the Breakoutvvp.com team will do their utmost to reach a successful resolution for all parties concerned. Indeed, Breakoutvvp.com Ltd reserves the right to void results and return applicable funds to player balances, ban players for cheating, and determine the outcome of contests based upon available information.

Over the course of time, Breakoutvvp.com will be integrating with a variety of games developers such that the Breakoutvvp.com platform is made directly aware of the outcome of a contest without the need for Breakoutvvp.com members to enter results.

At the appropriate moment, Breakoutpvp.com will update this document to reflect its changing business model.

**Once you've confirmed a withdrawal via the Breakoutpvp.com cashier, the Breakoutpvp.com team will process the request and the money will be credited back to your relevant account within 72 hours.** As part of the withdrawal process the Breakoutpvp.com team reserves the right to conduct necessary background checks to verify the authenticity of the withdrawal request.

Can someone explain to me why my wagers are subject to administration fees?

In order to cover business costs, Breakoutpvp.com charges a small administration fee for paid contests. The administration fee is clearly stated on the lobby page and is designed to ensure that Breakoutpvp.com can continue to provide a first class service moving forward.
